GENERAL INFORMATION

Salesian College of Higher Education (SCHE), Dimapur is a government-recognized, aided, minority educational institution of the Catholic Church, run and managed by the Salesians of Don Bosco, Dimapur.

SCHE draws its inspiration from Don Bosco, the 19th century Educator Saint, and founder of the Salesians of Don Bosco. The daring vision of Don Bosco who said “it is enough for me to know that you are young, to love you” is today a growing network of over 5000 educational and social development establishments and youth care services across 132 countries and 5 continents. Salesians of Don Bosco are pioneers in Education, Cultural Heritage and Human Resource Development in North East India, since 1922.

The college is well laid out on the picturesque landscape overlooking the Dhansiri River on the east and the Indian railway line on the west. The College has the potency to make dreams come true, as it owns a healthy ambiance for learning, personality development and acquisition of knowledge.

History

Salesian College came into existence on May 25, 1982, primarily as an institution that offered a three-year course in Philosophy for the young members of the Salesian Society and the Diocesan Seminarians in North East India. In 1995, the college was affiliated to Nagaland University as a full-fledged Degree Arts College, opening its doors to other Religious Congregations of men, women, and others, who are desirous of pursuing undergraduate studies.

Currently the College offers B.A. Honours in Philosophy, History, English, Political Science and Sociology. Besides the B.A Degree course, it offers courses in Western and Indian Philosophy, World Religions, Bible, Ethics, Christian Theology, Educational Psychology, Social Communication, Social Analysis and Spirituality to the young Salesians, Diocesan Seminarians and other Religious men and women to complete their Philosophical training as part of their Religious training.

The training given by the institution intends to equip the students with all round development, so that they may become catalysts in social transformation, leaders in society and genuine educators of values, especially in the North East of India
